

2011 Photography Contest Guidelines

Put your laboratory into focus by entering your original photographs into the *Journal of Dental Technology's* first photography contest.

We are looking for your photos that show what the dental laboratory profession looks like from your bench. These pictures could be of a finished restoration, a restoration being manufactured, your laboratory, your fellow technicians or anything you can think of that relates to the dental laboratory profession. We may publish the photos in a future issue of the *Journal of Dental Technology* with at least one being featured on JDT's cover. Please contact JDT Editor Cassandra Corcoran at (800) 950-1150 or cassie@nabl.org if you have any questions.

Submissions must be received by Nov. 1.

Photo submissions should:

- Be uncompressed, high-resolution, 300dpi digital images.
- Be an original work created by the person submitting it.
- Be accompanied by a short written explanation of what is pictured in the photo. Any people in the photo must be fully identified.
- Include the completed photo release form below.
- Vertical shots are preferred for the cover.

Please e-mail submissions to JDT Editor Cassandra Corcoran at cassie@nabl.org or you may mail your submission (on CD or flashdrive) to 6522 Parish Glebe Lane, Alexandria, VA 22315.

Photo Release Form

I hereby give the National Association of Dental Laboratories, the *Journal of Dental Technology* and *JDT Unbound* the right to use my photo. The *Journal of Dental Technology* owns copyright for the photos. All submissions become property of the *Journal of Dental Technology* and may be used in the magazine, Web site or other promotional materials. The photographer will be credited if the photo is published. Th
